LAND AND HOLD-SHORT OPERATIONS (LAHSO)

LAHSO is an acronym for "Land and Hold-Short Operations." These operations include landing and holding short of an intersection runway, an intersecting taxiway, or other predetermined points on the runway other than a runway or taxiway. Measured distance represents the available landing distance on the landing runway, in feet.

Specific questions regarding these distances should be referred to the air traffic manager of the facility concerned. The Aeronautical Information Manual contains specific details on hold-short operations and markings.

LDG RWY	HOLD-SHORT POINT	AVBL LDG DIST
27	TWY N	8,450 feet
01	14-32	3,000 feet
14	01-19	3,400 feet
32	01-19	3,950 feet
	27 01 14	27 TWY N 01 14-32 14 01-19
